Dear Hiring Manager,

It is my immense pleasure to submit my application for this position within your respective company .I believe I have what it takes to perform with the highest capacity the responsibilities listed in the job posting. I'm 24 years old, a Highly motivated individual with versatile experience within Software Development. I'm an analytical, detail-oriented, data-driven, problem solver, and tech-savvy individual. I have experience working as Software developer after passed some time as Help-desk support agent, I'm an empathic and active listener, multitasker, and problem-solving oriented. As for technical skills, I'm comfortable with programming skills, I like open source projects as i have some of my work listed on my github profile, I've made my portfolio from scratch to show my skills and work with an easy way.

Thank you for your time and consideration. Please don't hesitate to contact me if you have any questions or if there is any additional information I can provide. I look forward to hearing from you soon.

Respectfully yours,

Yassine Baghdadi
